SUMMER HOLIDAY

HOMEWORK

CLASS: - Nursery

*“Days of fun, now not in a bun, Summer  
holidays are a pleasure and children’s*

*treasure.”*

Holidays are time when you can connect with your child in many ways. As parents are the first and the most important teacher for a child, we can encourage our child to participate in many educational activities at home and promote his/her quest to learn. Working together will not only help your child to build, learn and develop his/her skills but also strengthen your bond with him/her.

## Parental Supervision

*Dear Parents,*

*“Despite the hot Sun, we can still have a lot of fun , so vacations are here for a sweet retreat”. Summer holidays are round the corner and some fruitful activities are designed in CMCL VBS to enhance children’s creativity and innovation for the progressive learning.*

### Points to ponder:

- *Assign a permanent workplace and work time – this brings system and discipline in your child's life.*
- *Free play time should alternate structured games to cultivate sportsmanship in children.*
- *Reading out colorfully illustrated story books to your ward will develop his/her language skills.*
- *Converse with your child in English language.*
- *Help your child to decorate the holidays homework.*
- *It should be submitted on July 3, 2019.*
- *Your ward may not be able to do the whole work on his/her own. Your guidance and assistance will be required in all areas but it will surely pave the way towards a progressive learning graph of your ward.*
