# Cultural Exchange (Bringing India Together)

Cultural understanding has become an extremely important part of a student's development in their childhood. This is a form of adventure that until recently could never have occurred for young learners. It provides an excellent opportunity to instill a curiosity of new places into students.

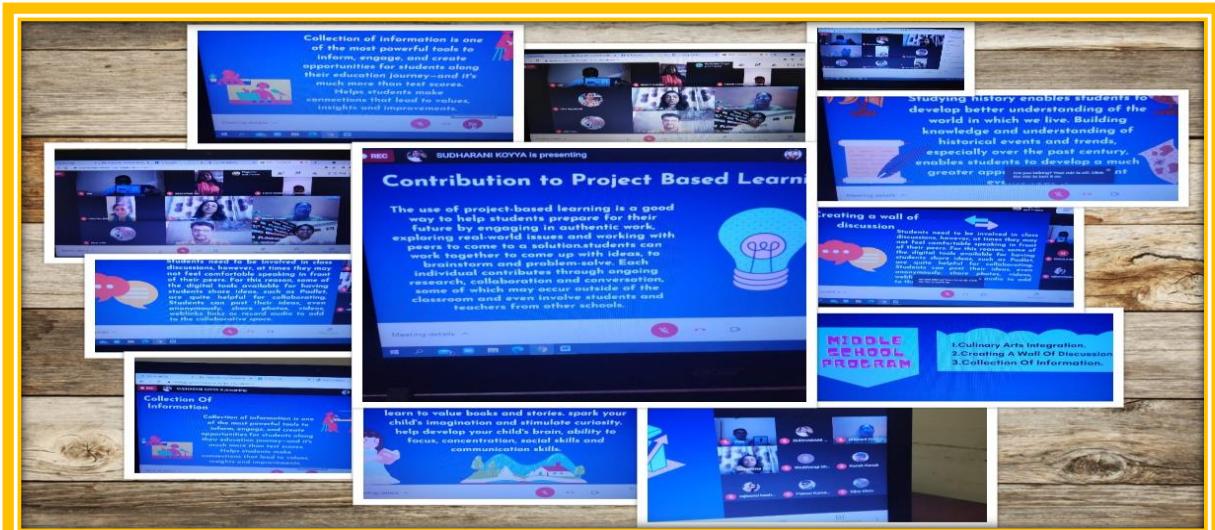

In pursuance to this, Star Public School and Fountainhead Global School, Hyderabad jointly initiated the cultural exchange program in which it has been decided to be done in 3-levels.

- 1. Primary Program –
  - a. Creating Hands-On Activities

It is widely accepted that extracurricular activities are the best way of developing an individual’s personality and trimming down mental stress. A child can improve his/ her skills and enhance their confidence level.

At Star Public School, we firmly believe that textual studies are a part of the full development of a child and therefore we provide a spectrum of activities. The main thrust of activities here are planned and executed to promote the holistic development of the students.
